

FERRY FIRMANDO

UIUX / Web Development

Jakarta, Indonesia | +62 85156969820 | ferrysinaga61@gmail.com | [LinkedIn](#) | [Github](#)

SUMMARY

During my academic journey in Computer Science, I have gained hands-on experience in UI/UX design and web development, applying both technical and creative skills to build user-friendly and functional digital solutions.

EDUCATION

Cakrawala University
Computer Science (On Going)

Jakarta, Indonesia
2024 - Present

WORK EXPERIANCE

Bank BRI

April - June 2020

IT Support (Intern)

- Performing electrical and network cable installation as well as hardware maintenance to ensure stable and optimal system performance.

HARD SKILLS

- User Interface Design (UI):** Designed layouts, visual hierarchy, typography, and consistent color schemes.
- User Experience Design (UX):** Created interaction flows, wireframes, and user journeys for intuitive applications.
- Prototyping & Wireframing:** Skilled in Figma, Sketch, Adobe XD, and InVision.
- User Research & Testing:** Conducted usability testing, A/B testing, and analyzed user feedback.
- Information Architecture:** Structured content and navigation for clear and intuitive user experiences.

SOFT SKILLS

- Empathy:** Understanding user needs and behaviors.
- Collaboration:** Working closely with developers, product managers, and stakeholders.
- Problem-Solving:** Addressing design challenges with creative and analytical approaches.
- Communication:** Clearly conveying design ideas through presentations and documentation.
- Attention to Detail:** Ensuring visual consistency and seamless user experience.

TOOLS

- Figma, Sketch, Adobe XD
- Miro
- Notion

PROJECT

Mie Gacoan Mobile App Design

- Project Description:** This design was created based on the problem we identified, where Mie Gacoan did not yet have an application that allowed direct ordering via mobile devices and still relied on cashier transactions.
- Tools:** Figma
- Role:** UI/UX Design

EduChamp App Design

- Project Description:** This design was created by combining Duolingo and Quizziz, and within the website we developed, there is a gamification-based learning feature.
- Tools:** Figma, Visual Code Studio, Notion
- Role:** UI/UX Design

SemaraLab Company Profile

- **Project Description:** Web company profile for the digital and creative marketing agency, “Semara Lab”. This project has a public section (frontend) to display services and portfolios, as well as an admin panel (backend) for content management.
- **Tools:** PHP, HTML, CSS, Javascript
- **Role:** Full-Stack, UI/UX Design

KATH Event Organizer Company Profile & Event Dashboard*(On Going)*

- **Project Description:** Kath Event Organizer is a company profile website created with the purpose of serving as a registration platform for a business idea competition. This platform combines the company's professional identity with a practical digital registration system.
- **Tools:** React, Tailwind CSS, Next.Js, Git, Github, Figma
- **Role:** UI/UX Design, Front-End

CERTIFICATION

Garuda Certificate

Computer and Network Engineering

April 2019 - 2022
